Dear Minister:

RE: ALISON BODINE

I am writing in support of Alison Bodine, an American citizen, who was arrested by the Canada Border Services Agency and detained by the RCMP on September 13, 2007.

There is no doubt that she was arrested solely due to her long-standing positive involvement in the peace movement. The official basis for her arrest is that she "mis-represented" herself but, to date, no such evidence of any mis-representation has been provided to her.

I am very concerned that her arrest was politically motivated. I demand the return of all of her confiscated materials that were seized by the CBSA and the immediate dropping of charges against her.

Yours truly,

Tim Louis
