

CANADA OUT OF HAITI! BRING THE TROOPS HOME NOW!

Canada Prime Minister Stephen Harper, Foreign Affairs Minister Maxime Bernier: Canada is currently participating in the unjust occupation of Haiti, and the killing, destruction and oppression of the people of Haiti is increasing.

In response, we, the undersigned, demand that Canada immediately remove all troops from Haiti, and cease any intervention in Haiti. We insist that the right of the Haitian people to self-determination be met and that all occupying forces are removed.
