The defense of American War Resisters, soldiers who refuse to fight wars and come to Canada's de-
marching refugee status, is an important struggle for the antiwar movement and for poor and working people in all countries. The Pentagon admits that 15,000 soldiers have gone AWOL (Absent Without Leave). Countless numbers of estimates of between 300 to 600 of these sol-
diers are underground in cities across Canada or waiting around the border. Approximately 40 to 60 have come for-
ward to asylum. It is important that soldiers who refuse to fight wars in Iraq and Afghanistan be given the space to speak out against these wars. We must defend these soldiers who are among the few who are fighting their de-
portations in order to prevent them from being persecuted for their conscientious objection to the war.

Astonishing Victory for Palestinians!
Israel's Crushing Defeat in Gaza
mawo 2nd Statement - January 22 2009

On December 27, 2008, the government of Israel opened a new era of the genocidal of Palestinian people in Gaza. The bloodshed and destruction in Gaza was conducted by the Israeli army with its destruction of many buildings, killing of hundreds, the injuring of thousands, and the destruction of thousands of homes, schools, roads and mosques, as well as UN centers where thousands of civilians, including mothers and children were gathered. This is a strange time around the world that decades of the indiscriminate, racist and murderous violent acts against innocent Palestinians in Israel and United States’ ruling elites have caused the Palestinian Holocaust.

Israel has established in Gaza an astonishing and criminal state. The simple proof of this is that NONE of the declared goals of Israel’s Olmert-Bush-Livni government have been achieved. The Israeli army reached the Mediterranean shore of Gaza only to destroy everything in its path. While the Israeli Zionist regime was busy slaughtering Palestinians, the whole world strongly condemned Israel for this savage aggression. The Israeli government was criticized or condemned by dozens of countries for its cruelty and lack of humanity. The governments of Venezuela and Bolivia expelled the Israeli ambassadors from their countries. The Turkish foreign minister announced before the ceasefire that Israel’s foreign minister, Tzipi Livni, was not welcome. The people of the world have a human right to self-determination and to the point is to create a mechanism in which millions of people can participate actively to isolate the racist, apartheid-holocaust regime of Israel. It is easy to here defend our human and democratic rights!

The Israeli army killed a family of four of Palestinians. Israel did not have to kill 1,300 people, half of whom are children and their mothers. They did not have to wound more than 5,000, and destroy 5,000 homes. They did not have to turn the living conditions of Palestinians with depleted uranium (DU) and white phosphorus bombs into stop Hamas rockets. Israel did this after they found that all their measures of intimidation and repression against Hamas and the Palestinians could not affect the Palestinian will of resistance and struggle. In fact, 21 days of ongoing killings and the demolition of Gaza was basically a collective punishment of Palestinians. All the atrocities that the Israeli army committed Gaza were under the leadership of Israeli leaders such as Ehud Olmert, Ehud Barak and Tzipi Livni. They certainly undermined the Geneva Human Rights Convention and committed crimes against humanity.

We need to tell the truth about the so-called ceasefire currently in Gaza. Because practically there is no real ceasefire. The Israeli army is still shelling Gaza, the border crossings are still closed, combat airplanes are still flying close to earth to create panic and fear, and the blockade of Gaza is still strongly maintained. There are severe shortages of everything: bread, sugar, basic foods, medicine. There is a total human crisis in Gaza. There are all acts of war. The Israeli government never truly abandoned the war on the Palestinian population; they are just continuing it in different forms and forms. It is a huge responsibility for the anti-war movement to address this issue by educating, organizing and mobilizing all people against this injustice. Our response must not be just reactive to the events in Gaza or in all of Palestine; rather it must be an ongoing campaign against the Zionist, apartheid regime of Israel. It is easy to here and there pass resolutions to condemn Israel, but the point is to create a mechanism in which millions of people can participate actively to isolate the racist, apartheid-holocaust regime of Israel. The Israeli government has advanced itself to an apartheid-holocaust regime, it must be boycotted. The labour movement and labour unions must refuse to do any service related to Israel. People of the world have a human right to self-determination and to stop Israeli policies against the innocent people of Palestine. This holocaust must be ended. This moral cancer must be cured. Live Palestine!

Anti-war MP George Galloway Banned from Canada

(continued from previous page)

The government of Canada attempts to silence anti-war and social justice voices, but welcomes a person who for eight years was the head of a government responsible for countless murders and crimes against humanity, it is a clear message not only to people in Canada, but also people all over the world that the government of Canada sides with. No doubt, the government of Canada supports the war criminals and silences those that work for basic human rights and are opposed to imperialist war and occupation.

Without a doubt the Immigration Minister of Canada, Jason Kenney, could at any moment lift the ban against George Galloway so that he could share his experiences and his knowledge with students, workers, and war and social justice organizes all over Canada. We demand Jason Kenney lift the ban immediately, regardless of the many successful appearances of George Galloway via video in meetings across Canada this week. People in Canada have the right to hear his important voice in person! During the three months of the campaign from September to November 2007 to drop all charges against Alison Bodine, and the continuing 10,000 signature campaign to Lift the Ban! what we have learned through the Alison Bodine Defense Committee is not only the hypocrisy and injustice of the Canadian border policy, but also the necessity that we stand up and fight back unified! George Galloway has vowed to continue his fight against his unjustified banning, and we will continue to stand by him.

We also will continue to stand by all people in Canada fighting for their basic human rights to organize against war and occupation and defend our human and democratic rights!
