COSTA RICA NO CONDUCIRIA POCO LA PAZ. El pueblo de Honduras no está en guerra, solo los golpistas usan las armas contra él. A ellos habría que demandarles el cese de su guerra, y los acuerdos por la televisión internacional, básicamente por la consolidación del golpe militar. Hoy se conoce que la idea de acercar a Israel y a Arabia Saudita a las Islas Maldivas incluyó a la nueva Cuba. The coup d'état is going to bring the whole world to a cataclysm because the social movement will not succeed. The coup d'état regime has already begun to attack the heads of imperialist countries, as they condemn the actions of the Iranian government while sweeping their own crimes under the rug. The coup d'état will result in a new wave of protests and demonstrations. "What Should Be Demanded of the US" continued from the front page...

appointed by Bush in the months of July and August of 2008.

The four of them follow the line of Otto Reich and John Negroponte who, together with Oliver North, were responsible for the dirty war against Nicaragua and the death squads in Central America that cost the peoples of the region tens of thousands of lives.

Negroponte was Bush’s representative at the United Nations, the US intelligence tsar, and finally under-secretary of State. Both he and Otto Reich, using different routes, were behind the coup in Honduras.

The base at Soto Cano in that country, home to the Joint Task Force-Bravo of the US Armed Forces, is the main point of support for the coup d’état in Honduras.

The United States has the dismal plan to create five more military bases around Venezuela, a plan that Bush presented in Moscow.

The absurd adventure of the coup d’état in Honduras has created a really complicated situation in Central America that cannot be resolved with trickery, deceit, and lies.

Every day we learn about new details in the US implication in that action that will also have serious repercussions in all of Latin America.

The idea of a peace initiative from Costa Rica was transmitted to the president of that country from the State Department when Obama was in Moscow and he was declaring at a Russian university that the only president of Honduras was Manuel Zelaya.

The perpetrators of the coup were in a predication. The initiative transmitted to Costa Rica was seeking the goal of saving them. It is clear that every day of delay has a cost for the constitutional president and tends to dilute the extraordinary international support he has received. The Yankee manoeuvre does not increase the possibilities for peace, just the opposite, it decreases them, and the danger of violence grows, since the peoples of our America will never resign themselves to the fate that has been programmed for them.

With the Costa Rican president, the US, the United Nations, and other institutions that committed their support to the people of Honduras is being questioned.

When Micheletti, the de facto president, yesterday announced that he is willing to step down from his position if Zelaya resigns, I already knew that the State Department and the military in the coup had agreed to replace him and send him again to Congress as part of the manoeuvre.

The only correct thing to do at this moment is to demand that the government of the United States stops giving military aid to the coup and pulls out its Task Force from Honduras.

What they want to demand from the Honduran people in the coup is to deny all the principles for which all the nations of this hemisphere have fought.

Junto a Oliver North fueron resueltos los conflictos de los Estados Unidos con Nicaragua y de los escuadrones de la muerte en Centroamérica, que costaron a los pueblos de la región decenas de miles de vidas.

Negroponte fue representante de Bush en las Naciones Unidas, Zar de la inteligencia norteamericana, y finalmente subsecretario de Estado. Tanto él como Otto Reich, por diversas vías, fueron detrás del golpe de gobernantes de Honduras.

La base de Soto Cano en ese país, sede de la “Fuerza de Tarea Conjunta Bravo” perteneciente a las Fuerzas Armadas de Estados Unidos, es el punto de apoyo principal del golpe de Estado en Honduras.

Estados Unidos tiene el tenebroso plan de crear cinco más bases militares más alrededor de Venezuela, un plan que Bush presentó en Moscú.

La disparatada aventura del golpe de Estado en Honduras ha creado una situación cada vez más complicada en Centroamérica que se resuelve con trampas, engaños y mentiras.

Cada día se conocen nuevos detalles de la implicación de Estados Unidos en el golpe en Honduras que tendrá también seria repercusión en toda América Latina.

La idea de una iniciativa de paz a partir de Costa Rica fue transmitida al presidente de ese país desde el Departamento de Estado cuando Obama estaba en Moscú y declaraba, en una Universidad rusa, que el único Presidente de Honduras era Manuel Zelaya.

MESSAGE OF SUPPORT TO ZELAYA

Dear compañero Manuel Zelaya, the sole and dignified constitutional president of Honduras.

Profound indignation has shaken our cells in the face of the brutal coup d’état in your homeland, reminiscent of a past that is still fresh in the historic memory of Central America.

It would appear that the sinister failed plot in Caracas and then successfully applied in Haiti is now seeking, with its dress rehearsal in Middle America, to reverse the inevitable historic tendency of our peoples toward overcoming their neocolonial conspiracies. Today it is the turn of the Honduran people, under your dignified leadership and in an America that is no longer the same, to take up the honorable challenge of permanently interfering fascism, as an instrument of the outdated reactionary oligarchies for whom homeland is synonymous with miserable privileges.

Like you, we know from first-hand experience the brutality of being awakened by armed guards, being taken half-dressed from our homes, the ignoble utilization of judicial power to justify the arrests, the employment of threats to demand renunciation, and of the sturkest of uses of lies for perversity aims.

We also know of the joy inspired by the opportune combinatory expression of a daughter, the unconditional commitment of the family, or the clamor of universal solidarity, or the incomparable love of justice.

Identifying with your dignified position, a reflection of your moral superiority over the usurpers, we extend to you, from our enemy prisons which, in the last 10 years, have never been able to incarcerate our dignity as revolutionary Cubans, the expressions of our unconditional support and the certainty that your people, armed with their own decency and their love of justice, will also overcome.

A strong embrace from the Five,

Gerardo, Ramón, Antonio, Fernando and René

"HANDS OFF IRAN!" continued from the front page...

On Turks and Muslims in Germany, and the 2.5 million out of 4 million Turks who can not vote because of Germany’s undemocratic and reactionary laws.

While imperialist countries are playing out the situation in Iran on an international stage, the rights of Iran, as a UN nation-state member and sovereign nation, are being restricted. The rights of the UN’s own charters and resolutions. According to resolution 521/1997 adopted by the UN general assembly in December 1997, the UN resolved “Recognizing that the principles of national sovereignty and non-interference in the internal affairs of any State should be respected in the holding of elections. Iran’s elections and disputes are an internal matter, to be resolved by the Iranian people and not the governments of imperialist countries with agendas of dominating Iran and a track record of using internal issues to justify military invasion. The Iranian people and government do not need “Big Brother” to tell them what to do. Throughout history, the Iranian people have constantly been in movement for change. Since the Tobacco strike in 1919, against the British empire in 1891 to the present day, the great Iranian people have managed three revolutions and ten mass movements or national movements in Iran. With such a track record for Iran, what credibility does any imperialist country have to lecture the Iranian people on how to fight for their rights and how to achieve change? One truly wonders what arrogance, trickery and racism these imperialist countries display.

In this current time, the Iranian people will determine for themselves what they will do for themselves, their country and the future of themselves and their nation. As peace loving people, let us turn our attention to these civilized criminals sitting in Washington and Ottawa, whose crimes in this new era of war and occupation are committed every day against the people of Afghanistan, Iraq, Palestine, Haiti, Pakistan, Cuba, Indigenous nations, and yes, also Iran. This is where our human obligation lies, in pointing the finger at the governments of the imperialist countries who can not vote because of Germany’s undemocratic and reactionary laws.

Hands Off Iran! No Imperialist Intervention in Iran! Self-determination for Iranian People!
