Mobilization Against War & Occupation - MAWO

.....

From the 5 Burroughs of New York across the entire planet, Hip Hop continues to be a culture immersed in the struggle for a better world. If Peace is the message, then Hip Hop is the voice!

On September 15th & 16th The Greater Vancouver area will host for the 8th consecutive year the **Annual Vancouver International Hip Hop 4 Peace Festival:**

PEACE! AN ELEMENT OF HIP HOP.

The Festival will include performances by local and international talent including MC's, Breakdancers, DJ's and Graffiti writers.

There will be workshops including how to rap and breakdance as well as forums discussing youth activism, women's rights, Indigenous struggle, Hip Hop's internationalism and its growth alongside the movement for peace, equality and social justice.

It will showcase some of the freshest artists in Hip Hop culture today, and once again will be free and all ages!

.....

Over the last 8 years the Festival has grown into one of the most significant events of its kind. It is completely built, organized, sponsored, and supported by communities of youth, families and regular working people from Vancouver, Canada to Havana, Cuba! This festival has been committed from its very onset to being as accessible, diverse and creative as the human imagination can envision!
