

MOBILIZATION AGAINST WAR AND OCCUPATION PRESENTS

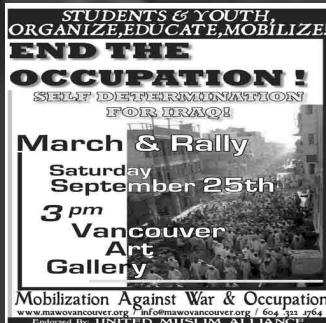

STUDENT WEEK

2004

AGAINST WAR & OCCUPATION

The Student Week Against War & Occupation 2004 will be over ten campuses across the Lower Mainland. Students and youth are at the forefront of the global resistance against war and occupation in Iraq, Afghanistan, Palestine, Haiti and the occupied Indigenous nations in Canada. As a new era of war and destruction develops, we as students and youth must develop our leadership through education, organizing and action. Join us through the week and on the major united action on September 25th.
